Description Voter List Types

EX-002 Master Voter History List

- This list is comprehensive and includes all active and inactive voters and their history up to 20 years. This file is available through arapahoevotes.com free of charge. It is updated every Friday excluding holidays. There are multiple files available. The Master Voter History List_Voter Details file contains voter name, addresses, registration status, precincts, and districts. The Master Voter History List includes voter ID and voting history.

EX-003 Registered Voter List

- This list contains basic voter information including voter ID, name, addresses, registration status, party affiliation, and precinct. This list does not include voter history.

EX-004 Voter History List

- This list allows you to choose up to five specific elections in which to gather voter history. Fields include voter ID, name, addresses, registration status, precinct, and chosen election history.

EX-005 Voters Voting History for Last 5 Elections of Every Type

- This list includes the voting history of voters for the last five elections of each type (Coordinated, Primary, General, etc.). Less comprehensive than the EX-002, it still contains similar data, including voter name, addresses, registration status, precincts, and districts.
